PRESIDENTS REPORT

Hello Rod and Gunners, It is amazing how time goes by so quickly. We definitely need more weekends during the summer time. The Rod and Gun Club has been busy this summer. We brought the Hospital kids to Star Prairie Trout Farm this July. The kids had a great time fishing, the fish were biting so well we even had to take a water break to count the fish already caught. It is so much fun to hear the kids laugh and talk about catching fish. Some of the older kids even show the younger ones how to fish and offer tips.

The same day as the fishing trip we then arrived at the ZSC to scoop ice cream at Zuhrah's Ice Cream Social. Thank you to all the Rod and Gunners that participated in both events. Then in August we grilled 160 steaks for the Zuhrah Stated meeting.

Thank you to all members who pitched in and made the night a success!

Coming up in September we will once again host the Potentate's Pheasant Hunt at LeBlanc's Game Farm in Little Falls. The flyers are out already. Bill Vice is taking names for reservations. Come on out and bring a buddy to do some hunting. This is a "turn key" hunting trip. Everything is taken care of for you. Show up with a shotgun and shells is all you need. Well bring an orange hat too. The guides will bring us out to the fields and show us where to walk and where to expect the birds to fly up from. Then hit or miss you get to bring home four cleaned and frozen pheasants as a part of your shooting fee. Pretty good deal.

As an added bonus the Rod and Gun club will be doing the grilling for

lunch so you know it will be great! I do want to thank Stephen for putting together the news letter for all of us. It is a big task to get us all to turn in articles and photographs. I would imagine it is a lot like trying to heard cats on meth into a bathtub. But Stephen does a great job with it.

If you want to submit an article or have something mentioned in our newsletter please let Stephen know. Also, don't forget about our ads for selling and trading hunting stuff.

There is a photograph of one of the teams supporting the Rod and Gun Club at the recent University of Minnesota Masonic Children's Hospital "Clays for Kids" sporting clays shoot at Wings North on the next page.

Stay Safe
Scott

UPCOMING—EVENTS

Greetings all!

Happy September!!

The acorns are starting to drop. Soon the leaves and birds will be falling.

The 2018 Potentate's pheasant hunt is drawing near (see flyer on pg. 7).

This year we are doing it a little different. The R & G will have our grill there and we will be grilling lunch. So if we have a couple of our members who don't want to hunt, but would like to be a part of the day, maybe you would like to be our Grill Masters?

The Pote's hunt is open to anyone, so invite your Lady, buddies, kids or grandkids. Get your RSVP's in soon so we can get a head count to finalize numbers.

For our less mobile hunters we will have some ATV's there to help get you around the fields. Hopefully these

will entice a few more of our longer in the tooth brothers to get out and enjoy the day. Please let me know if you would like to use one.

Cost for the hunt is \$140 and that includes 4 cleaned frozen birds,

guide, dogs and lunch.

Speaking of pheasants, the R & G still has pheasants and rice left. Not near as much as we had a month ago, but still about 60 birds and 50lbs of rice.

Birds are \$10 each and the rice is \$8/lb. With this year's rice crop not looking too good \$8 may be a steal soon, so it is time to stock up!!

One pheasant and a pound of rice costs \$18. That \$18 would buy 3 trout for the Camp Achieve outings. You do the math, the more we sell, the more they catch!!!

If anyone is interested in heading up north, especially during the week for a couple days to chase grouse, get a hold of me and we will see if we can get something set up. Between Craig K. and myself, we have quite a bit of ground to hunt about 40 miles north of Deer River.

Looking way ahead, we are again going to try to get out for a late season goose hunt in Rochester, providing the weather and the birds cooperate. It is usually around the first week of December, so stay tuned for more info.

Fraternally!!!

Bill
